## LOADING AND UNLOADING AREA

**Loading and unloading of trucks** is possible via the access road to the main entrance as well as to the delivery area of the stage ramp. **Smaller vehicles** can additionally use the delivery via the access road to the Panorama Hall (access via Bahnhofstraße - Dreimorgenstraße - Lessingstraße).

Due to the spatial conditions, loading and unloading of vehicles is only possible in **specific time slots**. These will be communicated separately to exhibitors in good time depending on stand size and location (more information [info@dtg2021.de](mailto:info@dtg2021.de)).

All vehicles may only drive to the loading areas for loading and unloading and must be removed immediately after loading. A maximum of only one truck may stop in the access road to the main entrance and stage ramp. Parking in the loading area is prohibited. Engines must always be switched off during waiting times.

## GENERAL INFORMATION

Set-up and dismantling have to be carried out and finished during the below-mentioned periods. In order to ensure a smooth flow of traffic during the construction and dismantling periods and the duration of the event, traffic regulations and traffic management rules must be observed.
